Attending any such pre-proposal conference is optional and is at the Consultants' expense.

The Procuring Entity will timely provide, at no cost to the Consultants, the inputs, relevant project data, and reports required for the preparation of the Consultant's Proposal as specified in the Data Sheet.

### **Conflict of interest**

- The Consultant is required to provide professional, objective, and impartial advice, always holding the Procuring Entity's interests paramount, strictly avoiding conflicts with other assignments or its own corporate interests and acting without any consideration for future work.
- The Consultant has an obligation to disclose to the Procuring Entity any situation of actual or potential conflict that impacts its capacity to serve the best interest of the

Procuring Entity. Failure to disclose such situations may lead to the disqualification of the Consultant or the termination of its Contract.

- Without limitation on the generality of the foregoing, and unless stated otherwise in the Data Sheet, the Consultants shall not be hired under the circumstances set forth below:

### **I. Conflicting Activities**

Conflict between consulting activities and procurement of goods, works, or non-consulting services: a firm that has been engaged by the Procuring Entity to provide goods, works, or non-consulting services for a project, or any of its Affiliates, shall be disqualified from providing consulting services resulting from or directly related to those goods, works, or non-consulting services. Conversely, a firm hired to provide consulting services for the preparation or implementation of a project, or any of its Affiliates, shall be disqualified from subsequently providing goods or works or non-consulting services resulting from or directly related to the consulting services for such preparation or implementation.

### **II. Conflicting Assignments**

Conflict among consulting assignments: A Consultant (including its Experts and Sub-consultants) or any of its Affiliates shall not be hired for any assignment that, by its nature, may conflict with another assignment of the Consultant for the same or for another Procuring Entity.

### **III. Conflicting Relationships**

- i. are directly or indirectly involved in the preparation of the Terms of Reference for the assignment

- iv. *Others*

Any other types of conflicting relationships as indicated in the Data Sheet.

#### **Unfair Competitive Advantage**

Fairness and transparency in the selection process require that the consultants or their Affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question. To that end, the Procuring Entity shall indicate in the Data Sheet and make available to all Consultants together with this RFP all information that would, in that respect, give such Consultant any unfair competitive advantage over competing Consultants.

#### **Corrupt and Fraudulent Practices**

Consultant firms or any of their members shall not be involved in corrupt, coercive, obstructive, collusive or fraudulent practices. Consultant firms or any of their members that are proven to have been involved in any of these practices shall be automatically disqualified and will not be awarded a contract.

#### **IV. Collusive practices**

- The Procuring Entity requires compliance with the provisions of the Competition Act 2010, regarding collusive practices in contracting. Any Consultant found to have engaged in collusive conduct shall be disqualified, and criminal and/or civil actions may be imposed. To this effect, Consultants shall be required to complete and sign the “Certificate of Independent Proposal Determination” annexed to the Proposal Form.
- In further pursuance of this policy, Consultants shall permit and shall cause their agents (where declared or not), subcontractors, sub-consultants, service providers, suppliers, and their personnel, to permit the Government and its agencies to inspect all accounts, records and other documents relating to any short-listing process, Proposal submission, and contract performance (in the case of award), and to have them audited by auditors, investigators or compliance officers.

#### **V. Eligibility**

In the selection of consultants, short-listing shall be composed of firms or individuals who belong to the same line of professional business and who are of almost the same capability.

Unless otherwise specified in the Data Sheet, the Procuring Entity permits Consultants, including proposed experts, joint ventures and individual members from all countries and categories, to offer consulting services. The maximum number of members so far in the JV shall be specified in the TDS.

The Competition Act of Kenya requires that firms wishing to tender as Joint Venture undertakings, which may prevent, distort or lessen competition in the provision of services, be prohibited unless they are exempt in accordance with the provisions of Section 25 of the Competition Act, 2010. JVs will be required to seek exemption from the Competition Authority. Exemption shall not be a condition for submission of proposals, but it shall be a condition of contract award and signature. A JV tenderer shall be given the opportunity to seek such an exemption as a condition of award and signature of the contract. Application for exemption from the Competition Authority of Kenya may be accessed from the website [www.cak.go.ke](http://www.cak.go.ke)

Public Officers of the Procuring Entity, their Spouses, Children, Parents, Brothers or Sisters, Child, Parent, Brother or Sister of a Spouse, their business associates or agents and firms/organizations in which they have a substantial or controlling interest shall not be eligible to tender or be awarded a contract. Public Officers are also not allowed to participate in any procurement proceedings.

It is the Consultant's responsibility to ensure that its Experts, joint venture members, Sub-consultants, agents (declared or not), sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements.

As an exception to the foregoing ITC6.1 and 6.2 above:

1. Sanctions-A firm or an individual that has been debarred from participating in public procurement shall be ineligible to be awarded a contract, or to benefit from the contract, financially or otherwise, during the debarment period. The list of debarred firms and individuals is available from the website of PPRA, [www.ppra.go.ke](http://www.ppra.go.ke).
2. Prohibitions-Firms and individuals of a country or goods in the country may be eligible if:
  1. As a matter of law or official regulations, Kenya prohibits commercial relations with that country; or
  2. By an act of compliance with a decision of the United Nations Security Council taken under Chapter VII of the Charter of the United Nations, Kenya prohibits any import of goods or services from that country or any payments to any country, person, or entity in that country.
  3. Restrictions for Government-owned Enterprises-Government-owned enterprises or institutions in Kenya shall be eligible only if they can establish that they
    - a. Are legally and financially autonomous,
    - b. Operate under commercial law, and
    - c. That they are not dependent agencies of the Procuring Entity.
  4. Restrictions for public employees-Government officials and civil servants and employees of public institutions shall not be hired for consulting contracts.

Margin of Preference and Reservations -No margin of preference shall be allowed in the selection of consultants. Reservations may, however, be allowed to a specific group of businesses (these groups are Small and Medium Enterprises, Women Enterprises, Youth Enterprises and Enterprises of persons living with disability, as the case may be), and who are appropriately registered as such by the authority to be specified in the Data Sheets. A procuring entity shall ensure that the invitation to submit proposals specifically includes only businesses or firms belonging to one group.

## **VI. Preparation of Proposals**

### **I. General Considerations**

In preparing the Proposal, the Consultant is expected to examine the RFP in detail. Material deficiencies in providing the information requested in the RFP may result in rejection of the Proposal.

### **II. Cost of Preparation of Proposal**

The Consultant shall bear all costs associated with the preparation and submission of its Proposal, and the Procuring Entity shall not be responsible for or liable for those costs, regardless of the conduct or outcome of the selection process. The Procuring Entity is not bound to accept any proposal and reserves the right to annul the selection process at any time prior to Contract award, without incurring any liability to the Consultant.

### **III. Language**

The Proposal, as well as all correspondence and documents relating to the Proposal, exchanged between the Consultant and the Procuring Entity, shall be written in the English language.

### **IV. Documents Comprising the Proposal**

The proposal shall comprise the documents and forms listed in the Data Sheet.

The Consultant shall declare in the Financial Proposal Submission Form that, in competing for and executing a contract, it shall undertake to observe the laws of Kenya against fraud and corruption, including bribery, as well as against anti-competitive practices, including bid rigging.

The Consultant shall furnish information on commissions, gratuities and fees, if any, paid or to be paid to agents or any other party relating to this Proposal and, if awarded, Contract execution, as requested in the Financial Proposal Submission Form.

### **V. Only One Proposal**

The Consultant (members of any Joint Venture) shall submit only one Proposal, either in its own name or as part of a Joint Venture in another Proposal. If a Consultant, including any Joint Venture member, submits or participates in more than one proposal, all such proposals shall be disqualified and rejected. This does not, however, preclude Sub-consultant, or the Consultant's staff, from participating as Key Experts and Non-Key Experts in more than one Proposal when circumstances justify and if stated in the Data Sheet.

Members of a joint venture may not also make an individual Proposal, be a subcontractor or be part of another joint venture for the purposes of the same Contract.

Should a Joint Venture subsequently win the Contract, it shall consider whether an application for exemption from the Competition Authority of Kenya is merited pursuant to Section 25 of the Competition Act 2010.

### **VI. Proposal Validity**

#### **Proposal Validity Period**

The Data Sheet indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline.

During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price.

If it is established that any Key Expert nominated in the Consultant's Proposal was not available at the time of Proposal submission or was included in the Proposal without his/her confirmation, such Proposal shall be disqualified and rejected for further evaluation and may be subject to sanctions in accordance with ITC 5.

## **Extension of Validity Period**

The Procuring Entity will make its best effort to complete the negotiations within the proposal's validity period. However, should the need arise, the Procuring Entity may request, in writing, all Consultants who submitted Proposals prior to the submission deadline to extend the Proposals' validity.

If the Consultant agrees to extend the validity of its Proposal, it shall be done without any change in the original Proposal and with the confirmation of the Availability of the Key Experts, except as provided in ITC12.7.

The Consultant has the right to refuse to extend the validity of its Proposal, in which case such Proposal will not be further evaluated.

## **VI. Specific considerations**

### **i. Substitution of Key Experts at the Validity Extension**

If **any** of the **Key Experts** become unavailable **for** the extended **validity period**, the Consultant shall provide a written adequate justification and evidence satisfactory to the Procuring Entity together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluation score, however, will remain to be based on the evaluation of the CV of the original Key Expert.

If the Consultant fails to provide a substitute Key Expert with equal or better qualifications, or if the reasons provided for the replacement or justification are unacceptable to the Procuring Entity, such Proposal will be rejected.

### **ii. Sub-Contracting**

The Consultant shall not subcontract the whole or part of the Services without reasonable justification and written approval of the Procuring Entity.

### **iii. Clarification and Amendment of RFP**

The Consultant may request clarification of any part of the RFP during the period indicated in the Data Sheet before the Proposals' submission deadline.

Any request for clarification must be sent in writing, or by standard electronic means, to the Procuring Entity's address indicated in the Data Sheet. The Procuring Entity will respond in writing, or by standard electronic means, and will send written copies of the response (including an explanation of the query but without identifying its source) to all Consultants. Should the Procuring Entity deem it necessary to amend the RFP as a result of clarification, it shall do so following the procedure described below:

At any time before the proposal submission deadline, the Procuring Entity may amend the RFP by issuing an amendment in writing or by standard electronic means. The amendment shall be sent to all invited Consultants and will be binding on them. The Consultants shall acknowledge receipt of all amendments in writing.

If the amendment is substantial, the Procuring Entity may extend the proposal submission deadline to give the Consultants reasonable time to take the amendment into account in their Proposals.

The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the proposal submission deadline. No modifications to the Technical or Financial Proposal shall be accepted after the deadline.

iv. Preparation of Proposals–Specific Considerations

While preparing the Proposal, the Consultant must give particular attention to the following:

If a consultant considers that it may enhance its expertise for the assignment by associating with other consultants in the form of a Joint Venture or as Sub-consultants, it may do so long as only one Proposal is submitted, in accordance with ITC 11. Above. A Consultant cannot associate with shortlisted Consultant(s). When associating with non- shortlisted/non-invited firms in the form of a joint venture or a sub- consultancy, the shortlisted/invited Consultant shall be a lead member. If shortlisted/invited Consultant associates with each other, any of them can be a lead member

The procuring Entity may indicate in the Data Sheet the estimated amount or the Key Experts' time input (expressed in person-month), or the procuring entity's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant's own estimates for the same. This clause shall not apply when using Fixed Budget selection method.

For assignments under the Fixed-Budget selection method, the estimated Key Experts' time input shall not be disclosed. Total available budget, with an indication whether it is inclusive or exclusive of taxes, is given in the Data Sheet, and the Financial Proposal shall not exceed this budget.

KeyExperts shall not appear in more than one proposal unless so allowed in the Data Sheet. Invited firms must confirm and ensure their Key experts do not appear in proposals of other invited firms, otherwise proposalswith key experts appearing in other proposals will be rejected.

**a) Technical Proposal Format and Content**

The Technical Proposal shall be prepared using the Standard Forms provided in Section 3 of the RFP and shall comprise the documents listed in the Data Sheet under ITC10.1. The Technical Proposal shall not include any financial information. A Technical Proposal containing material financial information shall be declared non-responsive.

Consultant shall not propose alternative Key Experts. Only one CV shall be submitted for each Key Expert position. Failure to comply with this requirement will make the Proposal non-responsive.

**b) Financial Proposal**

The Financial Proposal shall be prepared using the Standard Forms provided in Section 4 of the RFP. It shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the Data Sheet. Irrespective of the consultant selection method, any consultant that does not submit an itemized and priced financial proposal or merely refers the Procuring Entity to other legal instruments for the applicable minimum remuneration fees shall be considered non-responsive.

**c) Price Adjustment**

For assignments with a duration exceeding 18 months, a price adjustment provision for foreign and/or local inflation for remuneration rates applies, as stated in the Data Sheet.

**d) Taxes**

The Consultant and its Sub-consultants and Experts are responsible for meeting all tax liabilities arising out of the Contract unless stated otherwise in the Data Sheet. Information on taxes in Kenya is provided in the Data Sheet.

**e) Currency of Proposal**

The Consultant may express the price for its Services in the currency or currencies as stated in the Data Sheet. If indicated in the Data Sheet, the portion of the price representing local cost shall be stated in Kenya Shillings.

**f) Currency of Payment**

Payment under the Contract shall be made in the currency or currencies in which the payment is requested in the Proposal.

The firm has not proposed employing public officials, civil servants, and employees of public institutions.

The Consultant, its sub-consultants, and experts have no conflicts of interest.

Each responsive proposal will be given a technical score. A proposal shall be rejected at this stage if it does not respond to important aspects of the RFP or if it fails to achieve the minimum technical score indicated in the Data Sheet.

## **IX. Public Opening of Financial Proposals**

### **Unsuccessful Proposals**

After the technical evaluation is completed, the Procuring Entity shall notify those Consultants whose Proposals were considered non-responsive to the RFP and TOR or did not meet the minimum qualifying technical score, advising them the for; (ii) provide information relating to the Consultant's overall technical score, as well as scores obtained for each criterion and sub-criterion Contract signing; and (iv ) notify them of the date, time and location of the public opening of the Financial Proposals and invite them to attend.

- Financial Proposals for QBS, CQ, and SSS

Following the ranking of the Technical Proposals, when the selection is based on QBS or CQS, the top-ranked Consultant is invited to negotiate the Contract. Only the Financial Proposal for the technically top-ranked Consultant was opened by the opening committee. All other Financial Proposals shall be returned unopened after the Contract negotiations are successfully concluded and the Contract is signed with the successful Consultant.

When the selection is based on the SSS method and if the invited Consultant meets the minimum technical score required to pass, the financial proposal shall be opened, and the Consultant invited to negotiate the contract.

- Financial Proposals for QCBS,FBS,LCS

Following the ranking of the Technical Proposals, and after internal approvals, The Procuring Entity shall simultaneously notify in writing those Consultants whose Proposals were considered responsive to the RFP and TOR, and that have achieved the minimum qualifying technical score, advising them the following:

- i. their Proposal was responsive to the RFP and TOR and met the minimum qualifying technical score;
- ii. provide information relating to the Consultant's overall technical score, as well as scores obtained for each criterion and sub-criterion;
- iii. their Financial Proposal will be opened at the public opening of Financial Proposals; and
- iv. Notify them of the date, time, and location of the public opening and invite them for the opening of the Financial Proposals.

- Opening of Financial Proposals

The opening date should allow the Consultants sufficient time to decide to attend the opening and shall be no less than five (5) Business Days from the date of notification of the results of the technical evaluation described in ITC 22.1 and 22.2.

The Consultant's attendance at the opening of the Financial Proposals (in person, or online if such an option is indicated in the Data Sheet) is optional and is at the Consultant's choice.

The Financial Proposals shall be opened publicly by the Procuring Entity's

Opening committee in the presence of the representatives of the consultants and anyone else who chooses to attend. Any interested party who wishes to attend this public opening, should contact the Procuring Entity as indicated in the Data Sheet. At the opening, the names of the Consultants, and the overall technical scores, including the breakdown by criterion, shall be read aloud. The Financial Proposals will then be inspected to confirm that they have remained sealed and unopened. These Financial Proposals shall be opened, and the total prices shall be read aloud and recorded. Copies of the contract shall be sent to all Consultants who submitted Proposals.

1. Correction of Errors

Activities and items described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, and no corrections are made to the Financial Proposal.

Time-Based Contracts-If a time-based contract form is included in the RFP, in case of discrepancy between (i) a partial amount (sub-total) and the total amount, or (ii) between the amount derived by multiplication of unit price with quantity and the total price, or (iii) between figures and words, the latter will prevail. In case of discrepancy between the Technical and Financial Proposals in indicating quantities of input, the Technical Proposal prevails, and the

Procuring Entity's evaluation committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity, and correct the total Proposal cost.

Lump-Sum Contracts – If a Lump-Sum contract form is included in the RFP, the Consultant is deemed to have included all prices in the Financial Proposal, so neither arithmetical correction nor price adjustments shall be made. The total price, net of taxes as specified in ITC 24 below, as stated in the Financial Proposal (Form FIN-1), shall be considered the offered price.

## 2. Taxes

Subject to ITC 24.2, all taxes are deemed to be included in the Consultant's financial proposal as separate items, and, therefore, considered in the evaluation.

All local identifiable taxes levied on the contract invoices (such as sales tax, VAT, excise tax, or any similar taxes or levies) and in come and withholding tax payable to Kenya on the remuneration of non-resident Experts for the services rendered in Kenya are dealt with in accordance with the instructions in the Data Sheet.

## 3. Conversion to Single Currency

For the evaluation purposes, prices shall be converted to a single currency using.

## 4. AbnormallyLowPrices

An Abnormally Low Price is one where the financial price, in combination with other constituent elements of the proposal, appears unreasonably low to

The extent to which the price raises material concerns with the Procuring Entity as to the capability of the Consulting firm to perform the Contract for the offered price.

In the event of identification of a potentially Abnormally Low Price by the evaluation committee, the Procuring Entity shall seek written clarification from the firm, including a detailed price analysis of its price in relation to the subject matter of the contract,scope,delivery schedule, allocation of risks and responsibilities and any other requirements of the RFP document.

After evaluation of the price analysis, if the ProcuringEntity determines that the firm has failed to demonstrate its capability to perform the contract for the offered price, the Procuring Entity shall reject the firm's proposal.

## 1. AbnormallyHighPrices

An abnormally high price on the new proposal, in combination with other constituent elements of the proposal, appears unreasonably too high to the extent that the Procuring Entity is concerned that it (the Procuring Entity) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between consultants is compromised.

In case of an abnormally high tender price, the Procuring Entity shall make a survey of the market prices, check if the estimated cost of the contract is correct, and review the RFP to check

if the specifications, TOR, scope of work and conditions of contract are contributory to the abnormally high proposals. The Procuring Entity may also seek written clarification from the Consultants on the reason or the high proposal price. The Procuring Entity shall proceed as follows:

If the proposal price is abnormally high based on the wrong estimated cost of the contract, the Procuring Entity may accept or not accept the proposal depending on the Procuring Entity's budget considerations.

If specifications, TOR, scope of work and/or conditions of contract are contributory to the abnormally high proposal prices, the Procuring Entity shall reject all proposals and may re-invite for proposals for the contract based on revised estimates, specifications, TOR, scope of work and conditions of contract.

If the Procuring Entity determines that the Proposal Price is abnormally too high because genuine competition between Consultants is compromised (*often due to collusion, corruption, or other manipulations*), the Procuring Entity shall reject all Proposals and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise, before re-inviting for proposals.

2. Combined Quality and Cost Evaluation

3. **Quality and Cost-Based Selection (QCBS) Method**

In the case of Quality and Cost Based Selection (QCBS), the total score is calculated by weighing the technical and financial scores and adding them as per the formula and instructions in the Data Sheet. The Consultant who achieves the highest combined technical and financial score will be notified and invited for negotiations.

4. Fixed Budget Selection (FBS) Method

- In the case of FBS, those proposals that exceed the budget indicated in ITC 14.1.4 of the Data Sheet shall be rejected. The Procuring Entity's evaluation committee will select the Consultant with the highest-ranked Technical Proposal that does not exceed the budget indicated in the RFP, notify and invite such Consultant to negotiate the Contract.

1. Least Cost Selection (LCS) Method

In the case of Least-Cost Selection (LCS), the Procuring Entity's evaluation committee will select the Consultant whose Proposal is the lowest evaluated total price among those Proposals that achieve the minimum technical score required to pass, notify the Consultant, and invite the Consultant to negotiate the Contract.

2. Combined Technical and Evaluation Report

The evaluation committee shall prepare a combined technical and financial evaluation report, with specific recommendations for award or otherwise and subject to the required approvals within the Procuring Entity prior to notifications and invitation of Consultant for negotiations.

3. Notification of Intention to enter into a Contract/Notification of Award

The Procuring Entity shall send to each Consultant (that has not already been notified that it has been unsuccessful) the Notification of Intention to Award the Contract to the successful

Consultant. The **Notification of Intention to enter into a Contract/Notification of Award shall contain**, at a minimum, the following information:

The name and address of the Consultant with whom the Procuring Entity successfully negotiated a contract. The contract price of the successful Proposal.

A statement of the reasons why the recipient's proposal was unsuccessful

The expiry date of the Standstill Period, and

Instructions on how to request a debriefing and/or submit a complaint during the standstill period.

#### 4. Stand still Period

The Standstill Period shall be the number of days stated in the Data Sheet. The Standstill Period commences the day after the date the Procuring Entity has transmitted to each Consultant (that has not already been notified that it has been unsuccessful) the Notification of Intention to Award the Contract. The Contract shall not be signed earlier than the expiry of the Standstill Period. This period shall be allowed for aggrieved consultants to lodge an appeal. The procedure for appeal and the authority to determine the appeal or complaint is as indicated in the Data Sheet.

## X. NEGOTIATIONS AND AWARD

### 1. Negotiations

The negotiations will be held at the date and address indicated in the Data Sheet with the Consultant's representative(s) who must have the written power of

Attorney to negotiate and sign a contract on behalf of the Consultant.

- The evaluation committee shall prepare minutes of negotiation that have been signed by the Accounting Officer and the Consultant's authorized representative.

#### 1. Availability of Key Experts

The invited Consultant shall confirm the availability of all Key Experts included in the Proposal as a pre-requisite to the negotiations, or, if applicable, a replacement in accordance with ITC12. Failure to confirm the Key Experts' availability may result in the rejection of the Consultant's Proposal and the Procuring Entity proceeding to negotiate the Contract with the next-ranked Consultant.

- Notwithstanding the above, the substitution Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant, including but not limited to death or medical incapacity. In such case, the Consultant shall offer a substitute Key Expert within the period of time specified in the letter of invitation to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.
- Technical negotiations

The technical negotiations include discussions of the Terms of Reference (TORs), the proposed methodology, the Procuring Entity's inputs, the special conditions of the Contract, and finalizing the "Description of Services" part of the Contract. These discussions shall not substantially alter the original scope of services under the TOR or the terms of the contract, lest the quality of the final product, its price, or the relevance of the initial evaluation be affected.

#### (a) Financial negotiations

The financial negotiations include the clarification of the Consultant's tax liability in Kenya and how it should be reflected in the Contract. All applicable taxes shall be itemized separately and included in the contract price.

- If the selection method included cost as a factor in the evaluation (that is, QCBS, FBS, and LCS), the unit rates and the total price stated in the Financial Proposal for a Lump-Sum contract shall not be negotiated.

Where QBS or CQS methods were used for a *Lump-sum Contract* as indicated in the RFP, the unit rates negotiations shall not take place, except when the offered Key Experts and Non-Key Experts' remuneration rates are much higher than the typically charged rates by consultants in similar contracts or the professional practice. In such cases, the Procuring Entity may ask for clarifications and, if the fees are very high, ask to change the rates. /The format for (i) providing information on remuneration rates in the case of QB and CQS; and (ii) clarifying remuneration rates' structure under this Clause, is provided in Appendix A to the Financial Form FIN-3: Financial Negotiations –Breakdown of Remuneration Rates. If, after the clarifications, the price is still considered too high, the Procuring Entity may terminate the negotiation and invite the next-ranked Consultant to open its financial proposal and negotiate the contract.

In the case of a *Time-Based contract*, negotiation of unit rates shall not take

place, except when the Key Experts and Non-Key Experts' remuneration rates are much higher than the typically charged rates by consultants in similar contracts. In such case, the Procuring Entity may ask for clarifications and, if the fees are very high, ask for a combined rate. The format for (i) providing information on remuneration rates in the case of QBS and CQS; and (ii) clarifying remuneration rates' structure under this Clause, is provided in Appendix A to the Financial Form FIN-3: Financial Negotiations- Breakdown of Remuneration Rates. If, after the clarifications, the price is still considered too high, the Procuring Entity may terminate the negotiation and invite the next-ranked Consultant for negotiations.

- Where SSS method was used as indicated in the RFP, both the unit rates and total price shall be negotiated. If the negotiations fail, the Procuring Entity shall terminate the Consultant selection process. In that event, the Procuring Entity shall review the consultancy requirements and market conditions prior to deciding to use an appropriate selection method to again procure the consulting services.

#### 1. Conclusion of Negotiations

The negotiations are concluded with a review of the finalized draft Contract, which then shall be initiated by the Accounting Officer and the Consultant's authorized representative and minutes prepared to record the outcome of the negotiations.

If the negotiations fail, the Procuring Entity shall inform the Consultant in writing of all pending issues and disagreements and provide a final opportunity to the Consultant to respond. If disagreement persists, the Procuring Entity shall terminate the negotiations, informing the Consultant of the reasons for doing so. The Procuring Entity will invite the next-ranked Consultant to negotiate a contract. Once the Procuring Entity commences negotiations with the next-ranked Consultant, the Procuring Entity shall not reopen the earlier negotiations.

## 2. Letter of Award

Upon expiry of the Standstill Period, specified in ITC28.1, after satisfactorily addressing any appeal that has been filed within the Standstill Period, and upon successful negotiations, the Procuring Entity shall send a Letter of Award to the successful Consultant. The letter shall confirm the Procuring Entity's award of Contract to the successful Consultant and request the Consultant to sign and return the draft negotiated Contract within Twenty-One (21) Days from the date of the Letter of Award.

## 3. Signing of Contract

The Contract shall be signed prior to the expiration of the Proposal Validity Period and promptly after expiry of the Stand still Period, specified in ITC 28.1 and upon satisfactorily addressing any complain that has been filed within the Standstill Period.

The Consultant is expected to commence the assignment on the date and at the location specified in the Data Sheet.

## 4. Publication of Procurement Contract

- Within the period specified in the Data Sheet, the Procuring Entity shall publish the awarded Contract, which shall contain, at a minimum, the following information: (a) name and address of the Procuring Entity; (b) name and reference number of the contract being awarded; (c) the selection method used.
- 1. names of the consultants that submitted proposals; (e) names of all Consultants whose Proposals were rejected or were not evaluated; (f) the name of the successful consultant, the final total contract price, the contract duration and a summary of its scope.

Consider carefully the information on Consultants to be published, particularly evaluation by the Procuring Entity, to avoid disclosing information which can facilitate bid-rigging formation going forward. Suggest an amendment as follows:

The awarded Contract shall be published on the Procuring Entity's website with free access if available and in the official procurement tender portal.

## 1. Procurement Related Complaint and Administrative Review

The procedures for making procurement-related complaints shall be specified in the **TDS**.

(Appendix shall not be modified)

### Purpose

The government of Kenya's Anti-Corruption and Economic Crime laws and the sanction's policies and procedures, Public Procurement and Asset Disposal Act (no. 33 of 2015) and its Regulation, and any other Kenya's Acts or Regulations related to Fraud and Corruption, and similar offences, shall apply with respect to Public Procurement Processes and Contracts that are governed by the laws of Kenya.

A few of the provisions noted below highlight Kenya's policy of no tolerance for such practices and behavior:

- iii. "Collusive practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;

  2. Acts intended to materially impede the exercise of the PPRA's or the appointed authority's inspection and audit rights provided for under paragraph 2.3e below.

- b. Defines more specifically, in accordance with the above procurement Act provisions set forth for fraudulent and collusive practices as follows:

"fraudulent practice" includes a misrepresentation of fact in order to influence a procurement or disposal process or the exercise of a contract to the detriment of the procuring entity or the tenderer or the contractor, and includes collusive practices amongst tenderers prior to or after tender submission designed to establish tender prices at artificial non-competitive levels and to deprive the procuring entity of the benefits of free and open competition.

2. Pursuant to Section 62 of the above Act, requires Applicants/Tenderers to submit along with their Applications/Tenders/Proposals a "Self-Declaration Form" as included in the procurement document declaring that they and all parties involved in the procurement process and contract execution have not engaged/will not engage in any corrupt or fraudulent practices.

*2 Inspections in this context usually are investigative (i.e., forensic) in nature. They involve fact-finding activities undertaken by the Investigating Authority or persons appointed by the Procuring Entity to address specific matters related to investigations/audits, such as evaluating the veracity of an allegation of possible Fraud and Corruption, through the appropriate mechanisms. ## **SECTION 6. CONDITIONS OF CONTRACT AND CONTRACT FORMS**

### **Preface**

1. This Section includes two types of standard contract forms for: A Lump-Sum Contract and a Time-Based Contract. Each type includes General Conditions of Contract (“GCC”) that shall not be modified, and Special Conditions of Contract (“SCC”). The SCC includes clauses specific to each contract to supplement, but not over- write or otherwise contradict, the General Conditions of Contract.
2. Lump-Sum Contract. This type of contract is used mainly for assignments in which the scope and the duration of the Services and the required output of the Consultant are clearly defined. Payments are linked to outputs (deliverables) such as draft or final reports, drawings, bill of quantities, bidding documents, or software programs. Lump-sum contracts are easier to administer because they operate on the principle of a fixed price for a fixed scope, and payments are due on clearly specified outputs and milestones. Nevertheless, quality control of the Consultant's outputs by the Procuring Entity is paramount.
3. Time-Based Contract. This type of contract is appropriate when it is difficult to define or fix the scope and the duration of the services, either because they are related to activities carried out by others for which the completion period may vary, or because the input of the

consultants required for attaining the objectives of the assignment is difficult to assess. In time-based contracts the Consultant provides services on a timed basis according to quality specifications, and Consultant's remuneration is determined on the basis of the time actually spent by the Consultant in carrying out the Services and is based on (i) agreed upon unit rates for the Consultant's experts multiplied by the actual time spent by the experts in executing the assignment, and (ii) reimbursable expenses using actual expenses and/or agreed unit prices. This type of contract requires the Procuring Entity to closely supervise the Consultant and to be involved in the daily execution of the assignment.

4. The templates are designed for use in assignments with consulting firms and shall not be used for contracting of individual experts. In some consultancy assignments such as design and construction supervision, both Lump-Sum and Time-Based Contracts are used and signed with the Consultant. In that case,

The Lump-Sum Contract would apply for the design part of the Services while the construction supervision part would be based on a Time-Based Contract. In such event, both types of contracts shall be signed at the same time.
